Driveway Apron Policy

Per Town Ordinance 212-1, all work in the town’s right of way must meet the requirements of the Public Works Manual of the Town of Rocky Hill (01/01/22). Section 3.10.2 of said manual states: *“Ornamental” pavement such as concrete, granite, paving block, brick or others may be used for a driveway apron provided a waiver by the owner is signed and filed with the engineering department.*

“ORNAMENTAL” DRIVEWAY APRON INSTALLATION

If a homeowner applies for an “ornamental” driveway apron constructed of brick, granite, concrete block, stone or other decorative material other than those shown in the manual within the Town of Rocky Hill street right of way the following conditions shall be met:

1. A street excavation permit shall be obtained by the licensed installer. All conditions of the permit, including Call Before You Dig ticket, insurance and bond must be posted with the Engineering Department. If the installer (home owner) is not bonded, all work with in the right of way/easement must be performed by hand (no machines).
2. A waiver (below) holding the Town of Rocky Hill harmless for all liability from work by the installer and future damage to the “ornamental” driveway apron by any work, plowing or maintenance performed by the Town with in the street right of way must be signed.

HOLD HARMLESS – DRIVEWAY APRONS

I, my heirs and assigns hereby assume all responsibility for the ornamental driveway apron located at:

for any future repairs due to my “ornamental” driveway apron due to damage from plows, milling, paving, utility or other work within the Town of Rocky Hill right of way and agree to indemnify and hold harmless the Town of Rocky Hill from any expense in the future.
